A POOL FOR SUMMER!

Offering light filled open living the family and kitchen areas are cleverly positioned to look on to the beautiful outdoors patio, pool and deck. The home built some 26 years ago has been planned to allow for seamless natural zones with maximum use of the 761m2 block.

A well-appointed kitchen forms a central hub connecting open living, formal dining and lounge spaces with the versatility to entertain even the most boisterous crowds, or to cater for more intimate occasions as the mood takes you.

The privacy needed for the sleeping quarters has not been forgotten. Separated by a hallway, conveniently situated away from the living areas, all secondary bedrooms are separate from the entertaining zone. Saving the best for last, is a great size main bedroom with generous ensuite, walk-in robe and air-conditioned.

Beautifully appointed throughout, this is the perfect home for those looking for a family home with functionality and an emphasis on outdoor entertaining as summer approaches.
