SOLD BY CHRIS GILMOUR 0438 632 459

This contemporary home features an architectural fusion of intelligent design and the great outdoors creating the ideal Queensland residence for the modern age

Set on 720sqm elevated block, this four-bedroom + home office, three bathroom family home combines form and function to promote an increased feeling of space, aided by multiple living areas spread around the house. Polished porcelain tiles, designer fixtures and a wealth of new-age technology are all incorporated into the design, and the house is naturally cooled via strategically placed windows in all the right places.

Impressive bush views are unobstructed from multiple vantage spots around the residence. Sliding glass doors open up on all sides to a deck in the centre of the home, creating an inviting environment to share meals in the open air.

Positioned to take advantage of the wide sweeping views, the master bedroom is enormous, and a walk-in wardrobe with an abundance of space and a striking floor-to-ceiling tiled ensuite with twin vanities and stylish tap and shower fittings.

The kitchen is a culinary delight, with wide marble and stainless steel benches and expansive two-pac cabinets, and featuring modern stainless steel appliances, including a five-bu
